Rating Details

EXPAND AND TRANSFER EXPERTISE

learn job duties and work processes

4 Strong Performance

locate, evaluate, and use information effectively

4 Strong Performance

draw reasoned conclusions from multiple sources of information

4 Strong Performance

learn and employ technical skills necessary for the role

4 Strong Performance

apply skills and prior knowledge from academic program and/or previous work experience

4 Strong Performance

DESIGN AND DELIVER SOLUTIONS

deliver quality work

4 Strong Performance

meet deadlines and cope with workplace pressures

4 Strong Performance

analyze problems and evaluate alternative solutions

4 Strong Performance

engage in work with curiosity; ask questions to understand more than the work assigned

4 Strong Performance

identify opportunities for improvement within the team and/or organization

4 Strong Performance

DEVELOP SELF

adapt to changing priorities and circumstances

4 Strong Performance

recognize limits of knowledge, skills and abilities

4 Strong Performance

respond well to direction and incorporate feedback on performance

4 Strong Performance

seek new tasks and responsibilities

4 Strong Performance

seek opportunities to learn

4 Strong Performance

BUILD RELATIONSHIPS

write clearly and effectively

4 Strong Performance

orally convey ideas and information clearly and effectively

4 Strong Performance

collaborate well with others; both co-workers and supervisor/senior leaders

4 Strong Performance

demonstrate ethical conduct in the workplace

4 Strong Performance

show understanding and sensitivity to the needs and differences of others in the workplace (eg. ethnicity, religion, language, etc.)

4 Strong Performance

TOP 3 AREAS OF STRENGTH

Please provide any additional comments on your student's top 3 areas of strength.

Technological agility
Collaboration
Critical thinking

Felix has clearly demonstrated that he can pick up a new technology that he has never worked with before quickly, and build something high-quality in collaboration with co-workers. He is not afraid to dive deep into complex requirements with many moving parts and deliver without much guidance.

Other: Code Reviews

TOP 3 AREAS FOR DEVELOPMENT

Please provide any additional comments on your student's top 3 areas for development.

Felix has worked with his co-workers extremely effectively, understanding requirements, performing research, and asking questions whenever appropriate. I would encourage him to continue collaborating well and go beyond his regular scope of responsibilities by doing code reviews. To be clear this wasn't a requirement in our team so this wasn't a problem, I'm just noting it as something that may be useful/required in the future in larger more complex teams.

Thinking about your student's role during their work term, please select the main United Nation's Sustainable Development Goals (UN's SDGs) that you believe the student impacted:

OUTSTANDING

What made Felix especially stand out was how quickly he picked up a new technology stack, new tools, and new ways of doing things that were very different from what he had done before, and immediately dive into complex requirements and deliver a high-quality result. He delivered a set of features that originally had been planned to take two-three developers, all the while coordinating development with coworkers, making improvements with new innovative ways of doing things, and navigating shifting requirements. Felix delivered many production features and having him on the team was critical to the successful initial delivery of the first version of our product. We look forward to continuing to with Felix in the next term.

SUPERVISOR'S COMMENTS
